3. Overall, the student's progress towards their dissertation since the last meeting has been:
   (see guide in the "Committee assessment section")
     Satisfactory (A)   Mainly satisfactory (A-)   Significant delay (B+)   Unsatisfactory (B)

   Please elaborate on your student's progress:

4. Please comment on your student's independence in research:

COMMITTEE ASSESSMENT

1. Overall, the student's progress towards their dissertation since the last meeting has been:
   - *Satisfactory*: all goals from the last meeting were achieved or surpassed.
   - *Mainly satisfactory*: Most goals were achieved, but some stumbling blocks that can easily be addressed allowing progress to catch up to original timeline.
   - *Significant delay*: Significant stumbling blocks were encountered that likely lead to a delay from the dissertation timeline.
   - *Unsatisfactory*: Research progress is far below the expected standard.

   Satisfactory (A)   Mainly satisfactory (A-)   Significant delay (B+)   Unsatisfactory (B)

2. The student has met with their committee in the absence of their supervisor(s):   Yes   No

3. Please comment on the student's progress and major research accomplishments since the last committee meeting.

4. Please comment on the student's expected progress and goals for the next meeting. Identify areas of improvement as necessary.

5. Please comment on the student's independence in research and provide recommendations for improving independence.

6. Please list any comments on the student's research here.

7. Other comments.
